Infinite Grows AWS Partnership with Solution Provider Program

ROCKVILLE, Maryland - June 26, 2023 Infinite Computer Solutions, a leading global technology company, announced that is expanding the cloud solutions offered to clients through AWS' Solution Provider Program. The Solution Provider Program enables Infinite to resell AWS solutions and services as part of their total solution client approach.

Clients continue to look for ways to increase flexibility and scalability, while at the same time lowering costs, and adopting modern cloud environments offers the best approach and path. AWS is the leader in cloud computing with infrastructure capabilities such as networking, compute, storage and security, through advanced services such as analytics, machine learning, artificial intelligence, and Internet of Things (IoT).

The AWS Solution Provider Program is designed for systems integrators, MSPs, value-added resellers, and public sector partners to resell AWS services to end customers as part of their differentiated solution. This program offers flexible contracting options to meet the unique needs of end customers and provides multiple AWS support models that align with partners' AWS practices.

For Infinite, the AWS Solution Provider Program enables clients to gain a strategic edge with the scalability, agility, and benefits of end-to-end AWS cloud solutions. The expanded partnership reaffirms Infinite's commitment to delivering world-class cloud solutions to our clients through flexible and frictionless engagement models.
